MARINE STEWARDSHIP COUNCIL (MSC)

The MSC's fishery certification program and seafood ecolabel recognise and reward sustainable fishing. They are a global organisation working with fisheries, seafood companies, scientists, conservation groups and the public to promote the best environmental choice in seafood. They have developed standards for sustainable fishing and seafood traceability. The MSC meets the highest benchmarks for credible certification and ecolabelling programs, including the UN Food and Agriculture Organization guidelines and the ISEAL Code of Good Practice. We have a wide variety of MSC accredited fresh and frozen fish and seafood to meet all your needs from shellfish and prawns; fillets, battered and smoked fish to children's and prepared products.

Seafood with this mark comes from a fishery that has been independently certified to the MSC's standard for a well-managed and sustainable fishery

What you've said...

David Leake, Head of Catering Didcot Girls School, Oxfordshire

I thought these innovative
dishes would allow me to cater for
vegetarians, and I was right.
I just didn't expect them to be
a hit with everyone!

3.4% of consumers

are vegetarians and an

additional 3.6%

would be willing to give up
all forms of meat entirely.
Health is the leading driver for
vegetarian food consumption
among non-vegetarians.

Caught on day boats and landed fresh, processing commences immediately, retaining their naturally sweet flavour and subtle texture. All of our single frozen prawns are nett of glaze.

DOUBLE FROZEN

Caught by trawlers and frozen at sea, landed, thawed and processed giving a firmer texture and more salty flavour.

WHICH BAG?

WHITE PAPER BAGS

1x100

1x600

Available in a variety of sizes, our paper bags are ideal for food to be eaten on the go. Corner strung for hanging, these bags are ideal for pastries, sandwiches and fruit.

When buying white paper bags, please first consider the use. Paper bags used for hot or greasy foods should be grease resistant or the quality may be affected.

HANDLED PAPER BAGS

Available in white or brown, our handled paper bags are a perfect takeaway option. Flat packed for easier storage, the robust base and side gussets aid product loading. The strong handles make these bags perfect for takeaway foods, drinks, salads and sandwiches.

ENVIRONMENTALLY FRIENDLY

All of our paper bags are fully recyclable, biodegradable and compostable. These features can be identified by the following three symbols: ♠50%, ₹B, ₹C (the number after the recyclable symbol shows the percentage of recycled material in the product).

For more information on the right bags for you please speak to your Brakes account manager.
