# Our Commitment to You

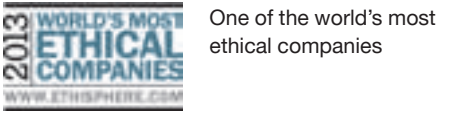

Tork is a world leader in its field and the number one professional hygiene solutions provider in Europe. Our commitment to our customers, and to the world we live in, has given us a unique position in the industry. We are proud to say that our parent company SCA is known as one of the world's most ethical business organisations and has received several awards.

Raising the bar for sustainability, SCA has a number of new ambitions and targets aimed at improving our quality of life and caring for our environment. For instance, SCA is implementing strong health and safety standards, and at the same time improving awareness of and access to better hygiene solutions, whilst combating climate change.

## SCA at a glance

# A Total Offer for Your Business

Whenever you need to wipe, dry, clean or polish, Tork has a great solution. We specialise in products designed to not only improve hygiene, but also save you time and money. Let us simplify your working life.

## Washroom

We know that our customers’ washroom needs can differ considerably. Therefore we always make sure you find a hygienic, cost-effective solution that meets your specific needs.

## Wiping and Cleaning

Tork wipes and cloths are designed to “do the work”, making wiping, cleaning and polishing more efficient.

## Tabletop

Whether you operate a full or self-service business, our wide selection guarantees you will find the products in contemporary designs that will save you time and money.

## Healthcare

When the need for hygiene and infection prevention are paramount – whether in a hospital, nursing home or other medical care facility – Tork can meet these demands.

# From Lotus Professional to Tork. Creating More Opportunities.

As you may be aware, Lotus Professional has been migrated into the Tork range. With this exciting new development, we are able to present a wider offer that meets even more of your everyday needs. But apart from the new names and packaging, nothing has changed – you will still find the same great Lotus Professional products inside.

# Tork Advantage Dispenser Programme

The Tork Advantage Dispenser Programme has been developed to give customers a little more – a higher level of service, combined with the best offer on the best products.

As a programme participant, you will only use Tork and Lotus Professional refills, securing the best possible performance. We ensure the functionality of our systems at all times, thanks to our lifetime dispenser guarantee.\* This puts you in control of your dispenser budget while making sure you can choose the most stylish, innovative and easy-to-use dispensers from Tork and Lotus Professional.

\* Guarantee offered provided there is a valid Tork Advantage Dispenser Agreement in place between SCA and the end customer. The guarantee does not cover vandalism, improper installation or misuse and shall become void upon use of any refill inside the dispenser other than Tork.

# Tork Easy Handling™ Packaging

Tork Easy Handling packaging was created to make logistics and handling easier for everyone. The smart design offers the following benefits:

- Boxes – easy to carry thanks to convenient, comfortable grips
- Boxes – easy to open without a knife thanks to taped sealing solution
- Carry bags – easier to hold thanks to convenient handles
- Used, flattened boxes – easy to carry in large numbers

# Washroom

## Helping you deliver excellence

The right products reflect positively on the standard, image and look of any washroom. Tork supplies a complete, high-quality range and the service and care needed to meet your specific needs. So trust us to deliver more – not just products, but a complete solution that adds value to any washroom.

## Our Washroom Offer

We offer a complete, high-quality product range, designed to enhance all washroom types and meet your specific needs. We also offer an array of complementary products such as air fresheners, bins, sanitary bag holders, toilet seat cleaners, and hand and body lotion dispensers.

### Hand Drying

We offer a complete range of dispensers and refills. From functional solutions for basic washrooms to high-capacity systems for demanding environments.

- Comprehensive range of towels – from roll to multifold.
- From extra soft to everyday – our Premium hand towels are extra soft and offer superior absorption while our Universal range provides good everyday value.
- Reducing waste and cost – with useful features such as single sheet dispensing.

### Soap and Skin Care

Our Soap and Skin Care offer features a full range of soaps, lotions and sanitisers designed to meet different needs and hygiene requirements.

- Our formulations are in accordance with Eco Label standards for environmental care.
- We offer a large variety of skin care solutions in the form of Foam Soap, Liquid Soap and Spray Soap.
- Dermatologically tested with skin balanced ph formulations.

### Toilet Paper

Our toilet paper solutions have been designed to offer convenience, style and functionality. From large, busy washrooms to the stylish washroom that needs to impress.

- A range of stylish and functional dispenser families that complement and enhance all washroom types.
- Clever designs such as one-at-a-time dispensing and single rolls that hold the equivalent of 11 standard toilet rolls keep costs down and reduce consumption.
- Many of our toilet paper systems are high capacity, ensuring that you don't run out of toilet paper.

# Turning Needs into Recommendations

With our knowledge and experience, we can help you choose the right washroom solutions for your needs. To help us identify what those needs are, please answer this simple series of questions:

- What type of business do you have?
- Who visits your washroom?
- What kind of experience do you want to offer the washroom’s users?
- How many people are visiting the washroom?
- How is the washroom managed, cleaned and refilled?
- What is the washroom’s capacity span?

# Refilling and Maintenance Needs

The number of people visiting your washrooms between cleaning rounds, that’s what we call capacity span, will determine your refilling and maintenance needs. To assist you in finding the right solution, we’ve divided washrooms into two categories based on capacity span: Low/Medium and High.

**Low/Medium capacity span**  
Solutions designed for smaller or medium washrooms with low/medium visitor numbers and regular maintenance cycles.

**High capacity span**  
The best solution for larger, busier washrooms with a high volume of visitors, or longer periods of time between maintenance cycles.

# Finding the Right Product

With so many products to choose from, finding the one that best meets your needs can be difficult. To make it easier for you, we have created a guide for a complete washroom.

Take a look at the four categories below and find the one that best matches your washroom type. Then, turn the page to see product recommendations listed by category.

## Hygiene Critical Washroom

When hygiene is critical, solutions must:

- Reduce the risk of cross-contamination
- Offer effective, skin-friendly cleaning
- Help an establishment comply with regulations

## Wow Factor Style Washroom

When making an impression is important, solutions must:

- Help promote company profile and values
- Blend in visually
- Allow your washroom design to shine

## Washroom Plus

For extra care and service, solutions must:

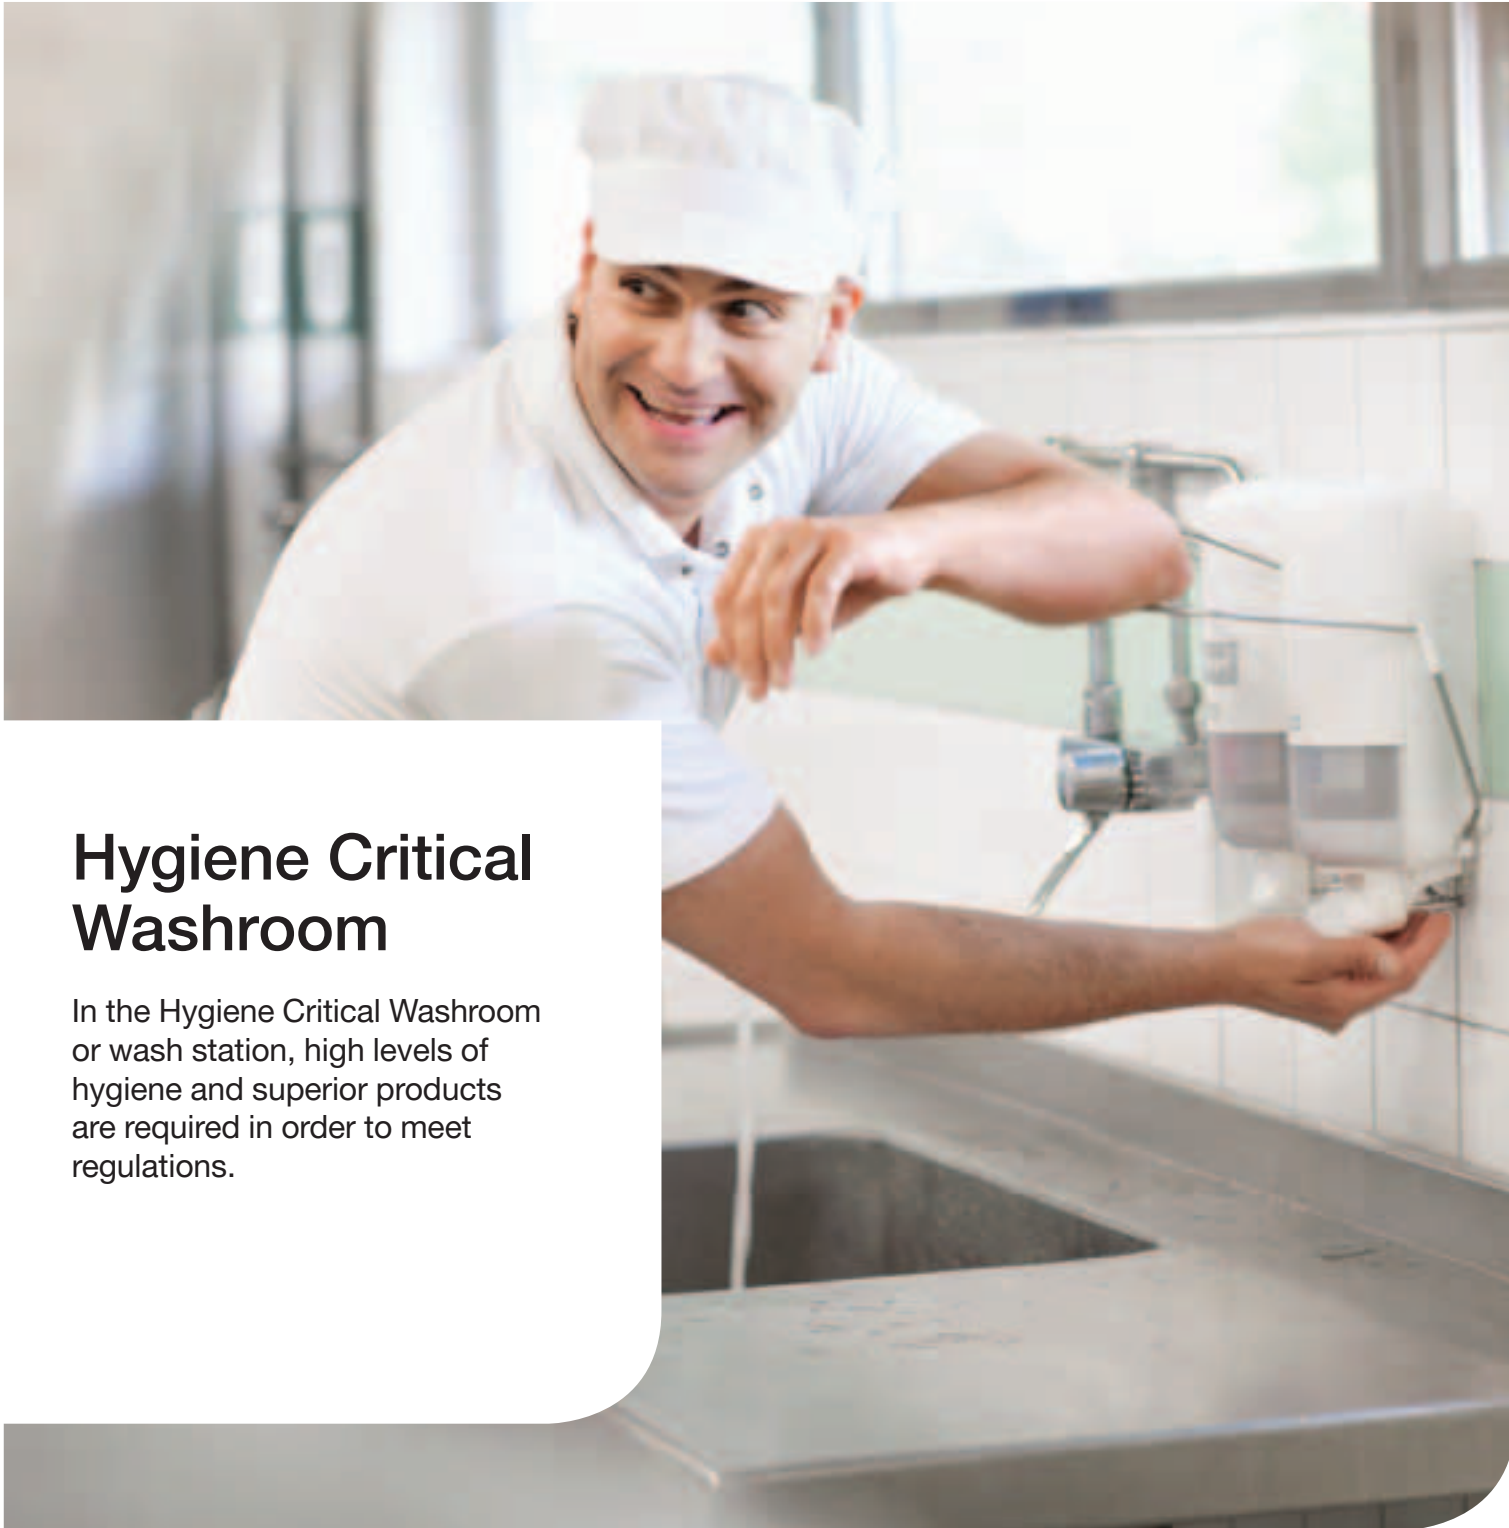

- Offer additional services to the customer
- Show that you care and want to provide great service
- Be attractive to wider user or visitor groups

## Essential Washroom

For the basic needs washroom, solutions must:

- Offer a basic washroom service at low cost
- Provide easy maintenance and refilling

# Hygiene Critical Washroom

In the Hygiene Critical Washroom or wash station, high levels of hygiene and superior products are required in order to meet regulations.

## Quality Tiers

To make it easier for you to find the right quality, we have divided our tissue products into three main quality tiers.

### Premium

Premium is our top quality tier, characterised by exceptional softness and quick absorption. The products are recognised by their superior look and feel, as well as their style and high performance.

### Advanced

Our Advanced range effectively balances cost and performance. These high-performance products are soft, attractive, and reliable.

### Universal

Our Universal range meets the basic needs in a washroom, offering good value for money and low maintenance.

Washroom Product Range

QuickDry products offer the quickest and most absorbent hand drying experience in the range.

Tork Easy Handling™ solutions save time and money on handling of boxes and bags – and improve ergonomics.

Products that carry this symbol are approved food contact for wiping.

We have gained the EU Eco Label thanks to:

- Reduced air emissions of sulphur and greenhouse gases
- Decreased water pollution by lower emissions of chlorine and organic waste
- Reduced energy consumption

Other environmental accreditations available – see below.

# Wiping and Cleaning

Your needs always come first

Your task decides what product you choose, and all you really want is one smart and efficient solution to get the job done quickly and efficiently. We understand this and have updated our product names, packaging and how we present our offer to make your working life a little easier. It's simple as this: if you know what task you have, we have an easy-to-find product.

## Identify the Task – Find the Right Product

To help you find the right product, let's first identify the task it needs to perform:

Wiping	<b>Wiping</b> Wiping is mopping up spills, soaking up liquids and picking up dirt and dust with paper.
Tasks	<b>Cleaning</b> Cleaning is removing dirt and stains from surfaces, machines or tools with cloths that are used dry or together with water, solvents or detergents.
Polishing	<b>Polishing</b> Polishing is creating a protected and shiny surface with the help of a cloth that applies polish onto the surface and is then buffed to obtain a good finish.

## Three Simple Questions for Easy Product Selection

Selecting the right wipe and dispenser solutions for the task at hand is the key to getting the best result. Answer these three simple questions designed to assess your wiping and cleaning needs.

### 1. What are the main tasks that you're carrying out?

Do you need a wiper or cloth for dry or wet wiping, for cleaning to remove oil and grease, or for polishing?

### 2. What type of workstation do you have?

Are you at a workstation where you and others need equal access to a dispenser or do you need to move wipes around to carry out different tasks?

### 3. What are your usage requirements?

Do several people use wipers or cloths during the day, or is it just one person who occasionally needs to use them?

# The Right Product for the Right Environment

We know our customers are required to perform a diversity of tasks, and these are reflected in our wide range of wipers, cloths and dispensers.

To make it easier for you to select the right products, we've created a guide that defines three types of work environments, each environment containing its own set of product recommendations. Once you've made your choice, contact Tork to test the wipes and dispensers you've selected. We can also help with any special requests.

## Industry

Attention to detail lets you do your job better

The wiping and cleaning tasks our industrial products are used to tackle can range from preparing parts, cleaning before painting, improving maintenance work or quality control processes and mopping up leaked oil or other spills.

Our range includes solutions that cover all these needs, as well as offering industrial level hand and surface cleaning wet wipes.

Below you will find a selection of products from our range, including information on food contact suitability, environmental labelling and other product characteristics.

Selected Tork Cloths with exe|CLEAN™ effect help you complete your cleaning tasks more efficiently and professionally than other cloths, especially rags & rental cloths.

Thanks to using a patented foam-spun technology to create a unique internal structure they give you a quicker, more hygienic and professional cleaning result, whilst the risk of contamination is minimised.

The QuickDry paper quality is stronger when wet and more absorbent than ordinary paper. Saves time, money, consumption and waste.

Products that carry this symbol are approved for food contact.

Tork Easy Handling™ solutions save time and money on handling of boxes and bags – and improve ergonomics.

We have gained the EU Eco Label thanks to:

- Reduced air emissions of sulphur and greenhouse gases
- Decreased water pollution by lower emissions of chlorine and organic waste
- Reduced energy consumption

# Tabletop

Match your image with sustainable hygiene solutions

Taking care of your guests and making them feel welcome – and inclined to return – is key to your success. To help you continue to exceed your guests’ expectations, Tork provides the best solutions for your napkin and tableware needs. The result is improved hygiene and efficiency, as well as reduced costs and waste.

# A New, Extended Napkin and Tableware Assortment

Tork offers a wide range of products, from dispensing solutions for self-service environments to solutions that enhance your restaurant’s atmosphere. And with Lotus Professional integrated into the Tork range, you can enjoy an even wider napkin and tableware offer.

## Tork Dispenser Napkins – A smarter, better value solution for self service

Our easy-to-maintain dispenser napkins dramatically reduce waste, while ensuring hygiene. They come in a range of qualities (Universal to Premium) and sizes, and are easy to store.

The dispensers’ AD-a-Glance windows offer endless promotional opportunities. Create your own design at <http://adaglance.sca-tork.com>

## Tork Napkins and Tableware – Enhancing the full-service experience

Our napkins and tableware come in a comprehensive range of colours, decors, qualities, folds and sizes. All to support the dining experience that you want to create. For example, our LinStyle® Premium Napkins offer a luxury touch without the hassle of linen napkins. And our NexxStyle® Extra Soft Napkins provide exceptional absorption.

## Custom Print – make your napkins and tableware work a little harder

Our napkins and tableware are designed to perform. But why not make them work a little harder? Custom printed products are a highly effective, yet inexpensive way to promote the message of your choice, and can make an occasion special. The possibilities are endless.

# The Perfect Solution for Every Occasion

We understand that different occasions to enjoy a meal, a quick snack or just a drink require different product solutions. Efficiency and function may be the driving factors at the café or self-service buffet during rush hour, while creating the right atmosphere may be priority number one at the restaurant for dinner and drinks.

Regardless of occasion, Tork can supply the products that will not only provide the aesthetic experience you want to give your customers, but also fulfill the functional requirements any business faces, including good hygiene, cost-in-use, easy handling and storage.

## Self-Service

– Focus on function and efficiency

If customers serve themselves in your restaurant, you know that things have to happen fast, especially during rush hour. Refilling, waste management and storage must be effortless, easy and convenient.

**Fast food**  
Control consumption and avoid mess and waste with one-at-a-time napkin dispensing.

**Café**  
When space is limited and you want to provide your customers with napkins that are easy to reach.

**Buffet**  
Avoid the build-up of queues during rush hour by keeping napkins in plentiful supply.

## Full Service

– Customer experience is key

If you run a restaurant with table service, you know that the total experience is what keeps customers coming back. This means the table setting, with its design, colour and quality feel, is an important identity-marker for the restaurant’s ambience and expression. It reflects the care that you invest in food preparation and signifies the welcome that you offer your customers.

**Outdoor lunch/dinner**  
When you serve food outside, you want to make sure your napkins stay where you leave them.

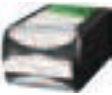

**Casual lunch/dinner**  
Being able to quickly set and reset the tables can make all the difference.

**Fine dining**  
Napkins are key in creating the ideal atmosphere.

## Meet the Family

With its outstanding flexibility, the Xpressnap Dispensing System is a solution above the ordinary – and a great way for you to reduce costs, waste and consumption. Choose from a contemporary colour range of Black, Red and Light Grey.

# Five Products That Make Your Working Life Easier

We know that you work in a busy environment. That's why we have developed products designed to make your working life a little easier. Products that are convenient and functional, but stylish at the same time.

## Pre-folded 1/8 Napkin

The pre-folded 1/8 Napkin looks perfect straight from the pack and is an easy way to save time. It comes in a number of different qualities, sizes and colours and is available with custom print.

## Cutlery Bag Napkin

The Cutlery Bag Napkin is perfect for high-traffic environments like hotels and restaurants. Quick and easy to use, the cutlery slips into the pre-folded napkin pocket in less than half the time it takes to wrap it.

## Coaster

Our attractive coasters help protect bars and tables from spills and drips, and are also perfect to place under coffee cups. They can be custom printed to get your message out there.

## Placemat

Using our hygienic placemats is an easy and convenient way to improve your table setting. The placemats are supplied in trays, which make them easy to store, and can be custom printed.

## Cutlery Bag with Napkin

By making it possible to insert cutlery in advance, this is a cost effective option for high-traffic restaurants, hotel and cafés. The cutlery bag is ideal for outdoor dining, keeping the napkins where you left them. A custom print service is also available.
